FVR15M2

Video Receiver / Data Transmitter, RS232, 2FO MM

Características

The ComNetTM FVT/FVR15M2 series video and data transceiver supports the simultaneous transmission of video and return data over two multimode optical fibers. The module is universally compatible with all major CCTV camera manufacturers and supports RS232 and RS422 data interfaces and all major data protocols. Plug-and-play design ensures ease of installation and no electrical or optical adjustments are ever required. Bi-color (Red/Green) LED indicators are provided for rapidly ascertaining equipment operating status. These units are interchangeable between stand-alone or card mount configurations.
